EXAMINER'S AMENDMENT

Authorization for this examiner's amendment was given in a telephone interview with Patrick T. Reilly (Reg. No. 37427), on January 8, 2007.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The claim has been amended as follows:

Referring to claim 33, cancelled.

Allowable Subject Matter

This communication is in response to applicant's amendment which is filed November 20, 2006 in the application of Lane et al. for a "hierarchical electronic watermarks and method of use" filed December 09, 2003.

The proposed amendment has been entered and made of record. Claims 1, 9, 10, 31-34 have been amended to more particularly point out and distinctly claim the invention.

Claim 31 has been cancelled. A new claim 36 has been introduced.

The replacement drawing(s) were received on November 20, 2006. These drawing are accepted.

In view of applicant's amendment to amend the claim 9 to obviate the §112 rejections, therefore, examiner has withdrawn the rejection under 35 U.S.C §112, second paragraph.

Applicant's amendment with respect to the pending claims 1, 10, 32 and 33, filed November 20, 2006, places the application in condition for allowance.

Claims 1-30, 32 and 34-36 are allowed as evident by applicant's amendment.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to disclose or suggest wherein different authorization keys are provided to different parties to form a hierarchy of access to various sectors of protected information.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
